Lions Charter Anniversary Very Successful

Thursday evening of last week was the occasion for the eighth Charter Night of the Strathmore Lions Club. Meeting in the Strathmore Memorial Hall, a large and happy gathering was called to order by Pres. George Palardy, and following the singing of O Canada, grace was said by Rev. S. R. Hunt.

An excellent dinner was served to the assembled guests by a very attractive group of efficient C. G. I. T. girls, who were kept busy as the trays of food were wolfed(?) by the Lions and guests. The dinner was prepared by Lions Len Roberts, Hubert Damen and Ray Wilkinson.

During dinner much hilarity was caused by the efforts of Tall Twister Hiran Wodum and his assistant for the evening Bob Milligan.

Presentation was made by the President of three Past President Lions Buttons. Those receiving them were Dr. J. Giffin, W. Mercer, and L. Hilton, all past presidents of the Strathmore Club. In presentation they were commended and warmly thanked for their efforts.

Following the toast to the King, Lion Charlie Scott was asked to propose the toast to the Ladies and with much banter, interspersed with a few delightful compliments, Lion Charlie called on the men to drink to the health of the ladies.

Briefly and with humor, Mrs. Holt made reply expressing the appreciation of the ladies for Mr. Scott's pleasant words.

A round of community singing led by Lion Reg Walker, stirred the group into activity, and no effort was spared by Lion Tamer Reg in his enthusiasm. Culminating with Lil Liza Jane, now a tradition among club members, the sing song was excellent.

Walter Mercer gained the attention of everyone to announce the Skating Club Carnival of February, and also the fact that the Lions Club were sponsoring for Queen of the Carnival Miss Mavis Mackie. He then called Miss Mackie to the stage, and for the Club presented her with a very pretty corsage of carnations.

A comic interlude was provided when G. H. Patrick entertained with songs, which were as always, up to the usual high Patrick standard. The numbers included Influenza, Goin' Back to Where I Cum From, Susie's Scanties and the Bower.

Lion Spence Hines then extended a warm welcome to the guests, with humorous comment on forgone proceedings and several little witticisms. In reply Mr. Norman Scheer expressed the pleasure of the large number of guests in being present and in the privilege of helping the members celebrate their Charter Anniversary.

A trip back to Bow Bells was provided by Miss Bessie Othman who gave two humorous readings in perfect Cockney. Little Albert, it seems, is a never failing source of amusement.

Throughout the program, Mrs. Albert Mercer, who provided accompaniment on the piano, was a constant assistant.

Chairman George Palardy then called on Rev. Father Gibbons who speaking very briefly, introduced the guest speaker of the evening, who was the Reverend Father Corrigan. President of St. Mary's Boy's School, Calgary.

He chose as his topic "Philosophy" in his address the speaker referred to

the "Mechanistic" and "material" philosophies of the past and present, and of the fallacies in their conclusions.

The conclusion drawn was that the materialism of the past and of today has completely failed in giving mankind a successful basis for living. "Mankind does not live by bread alone but by every word that proceedeth out of the Mouth of God"

The address was a challenge to our cockiness or what has recently been called our "internal cleverness". A series of films was then exhibited by Mr. Bolton, of the Department of Extension. These included comedy travel pictures, and sports, and a warm reception was tendered them.

After the meeting proper broke up, an informal dance was held, the music being supplied alternately by Charlie Scott's Ragtime Band, and Dr. John's Hot Swing Band. Everyone joined in the fun and a thoroughly enjoyable time was provided.

Town Council Meeting

Council meeting was held Tuesday night in the Town Hall with the Mayor, four councillors and Sec. Treas. present. Decision was made to hold the Annual Meeting on Friday, Feb. 1. It was pointed out that this was the first time that the meeting had not been held in January, but owing to pressure of business on the auditors, and their consequent late arrival, the financial statement could not be ready earlier.

Town property was again in demand, and four lots were sold, while a bylaw to regain five lots currently under Tax Recovery proceedings in order that they may be resold was given first and second readings.

An application for some acreage at the west of town, to be bought at a reduced price since the topsoil had been removed, was turned down, but a piece of slough land in the same area was sold.

Application to buy six lots behind the skating rink by an auctioneer was turned down on the grounds that it would not prove a suitable site in crown for an auction yard, and an alternative site was proposed. A motion followed that the Council was not in favor of the erection of auction sale yards, feed lots etc., in the town area.

A resolution of the Calgary Council pointing out that in British Columbia the province shouldered a much greater part of the financial burden, and asking that the Alberta Provincial Government follow suit, was endorsed.

FUNERAL SERVICES FOR MR. & MRS. T. J. KOCH

Funeral services were held in the United Church at 3:30 last Saturday afternoon for Mr. and Mrs. T. J. Koch pioneers in the Strathmore district.

The selection "Face to Face" was sung by the choir, and a hymn followed, "Forever with the Lord". Rev. S. R. Hunt officiating, chose as his theme, "And they two went on together".

Pallbearers for Mr. Koch were J. Swanson, T. S. Hughes, G. Dawson, P. E. Sarsons, M. B. Garrett and J. D. North, and for Mrs. Koch were A. V. McFarland, Herb Smith, George Anderson, George Smith, J. Crellin and M. Dalry.

Following the service the funeral cortege moved to Calgary, where interment took place in Burnside cemetery.

RATEPAYERS MEETING ON FRIDAY, FEBRUARY 1ST.

The Annual Meeting of the town of Strathmore, will be held in the Town Hall Friday, February 1st, commencing at 8:00 p.m. This meeting should attract all ratepayers, and others who are interested in the progress and welfare of the town.

Come out and voice your approval of the past administration or your suggestions for improved legislation to bring further progress. Throw aside your former apathy and let us have a record attendance of persons who should be interested in Strathmore's welfare. The Town Hall, Friday, February 1st, at 8:00 p.m.

A group of recommendations from the Safety Committee of the Lion's Club was received, and checked. It was pointed out that most of the points were already covered by town by-laws, and in some other cases, the responsibility was not that of the town. Interest was accorded them however, and an invitation to attend the council meeting with further items is to be forwarded.

The Fire Chief was authorized to buy suitable protective mitts for the brigade.

Arrangements will be made to check the build up of ice at the foot of the skating rink, and it was recommended that the watering system be rearranged. When the amount of water pouring into the lots at rear of the rink was mentioned, a suggestion was made that in the future these lots might be banked slightly in the fall, and provide admirable skating for some of the smaller children who are often roughly treated on the main sheet.

M. B. Garrett was appointed Returning Officer for the forthcoming election.

An application from the Hockey Club for a number of player tickets, at the customary rate, was discussed and motion followed that the Mayor would consult Leonard Hill, for the Hockey Club, and come to an agreement.

Accounts totalling almost \$1200.00 were paid. Of this sum \$640 went to the Municipality for road work, and \$550 was for pensions.

ANOTHER PEAK FOR IKE

WASHINGTON, Jan. 18.—Colorado may soon have an "Ike's Peak" to match its Pike's Peak. Senator Edwin F. Johnson (Dem., Colo.) told Gen. Dwight D. Eisenhower, army chief of staff and former Allied supreme commander in Europe, that the state hopes to name a mountain in the general's honor.

"You have Pike's Peak now and you want Ike's Peak?" the general asked. "I have only two conditions," Gen. Eisenhower said. "First, you want to be certain that it is a bald-headed peak and then I want you to be certain there is good fishing nearby where I can get a priority."

FARM PRICES DROP

The steady rise in farm income which began in 1933 has been broken by a 1945 drop of 8 per cent below the 1944 record high of \$1,799.1 millions, reports The Financial Post. Cash income from the sale of farm products is estimated at \$1,654.2 millions for 1945, still 129 per cent above the 1939 total. The decrease occurred mainly in the Prairie Provinces with Saskatchewan

down 22.2 per cent, Alberta 14.3 per cent and Manitoba 12.3 per cent from 1944, although these were offset to a minor extent by small increases in Ontario, British Columbia, Quebec and New Brunswick.

Today's note in the housing shortage. There's one consolation about an igloo, you really don't need a refrigerator.

Propose Large Unit Municipal Hospital

Much of the Work Now In Committee

Representatives of municipalities, towns and villages centering on Calgary gathered in the Council Chambers of the City Hall Thursday last to look into the possibilities of combining to form a large municipal hospital district. The intention would be to come under the heading of assistance from the province by securing sufficient population in the area covered.

Areas proposed to be included were, as shown on the map alongside, Okotoks, on the boundary, would be included.

Acme and Beiseker had representatives present, who declined to enter the arrangement on the strength of their efforts towards building their own hospital locally.

The proposal of the present was that such a hospital, if it materialized, be built on the outskirts of Calgary where specialists in the field of medicine and surgery could be easily and quickly obtained if necessary. It was pointed out that establishment of such an institution would in no way interfere with the rural doctors—for any cases needing hospitalization are already sent to the city and this step would only be continuance. They would also be free to practice medicine and surgery in the municipal hospital, if built.

Insofar as financing is concerned, it would be operated on the already established system. There would be

a yearly requisition on the town or municipality, based on the population and assessment, so that a locality with few people and high assessment is neither too lowly or too highly hit.

Requisitions in this area were estimated at Strathmore \$887, Gleichen \$881, Standard \$556, Rockyford \$422, Cluny \$281, Bow Valley \$16,048, Serviceberry \$14,369.

Hospitalization costs would be budgeted at \$1.00 per day with extra charges for semi private and private wards. Operating room, X-ray etc. would, of course, also be additional.

In an interview with one of the country medics, he stated there are about 35 such hospital units operating in Alberta and each one is in excellent financial shape. "You're operating the hospital for yourself" he said, "why shouldn't it be? The government, too, pays for a day towards hospitalization.

Regarding transportation, one suggestion made was that the hospital operate a few ambulances and the necessary trips at a flat rate, whether the trip be five miles or fifty. This would eliminate much of the high cost borne in long calls. It was pointed out that most areas in the district have a good arterial highway, which would make travel conditions easier.

Further meetings will be held, and it is hoped to promote local meetings in order to stir up interest. In the event of plans being approved, the ques-

OPEN LETTER

Dear Mr. Rasmussen:—

I read your very interesting story of the founding of the Standard Colony, in the Strathmore Standard, and think that it was no wonder that it was such a success with such a man as you at the head of it, who gave God the praise and honor and glory in everything you did.

Sincerely

Mrs. J. Taylor,
Farmer, Strathmore.

Join This Contest! Win \$50.00!

THINK UP A NAME!

As you perhaps all knew, a new building is going up on the same old camping-ground of the Massey-Harris Implement Agency in Gleichen. I hope all the better to be able to serve you, as I am reorganizing my business and am also taking on some new lines and enlarging on some that I have not been able to do justice in the past; and right here is where you can do something for me.

"I NEED A NAME FOR THIS NEW PLACE OF BUSINESS"

and I invite every boy and girl, every man or woman who can think of a suitable name, to submit it to me by mail. Then when the contest is over, the winning name will be put up on the building and the luck-

y winner will receive a prize of FIFTY DOLLARS"

Now I would like to give you a few hints as to the name: First of all, I am the Massey-Harris Dealer selling implements to farmers over a wide area. (Do not include Massey-Harris in the name).

Secondly, as soon as cars are available, I will have a supply of a full line of trucks, from the Light Delivery type to the real heavy tonnage models, as I have been assigned the STUDEBAKER franchise in this district, which will include the sturdy CHAMPION MOTOR lines that have made such a name for themselves both in Europe and the Pacific.

Thirdly, I will of course, handle a full line of CANADIAN GENERAL ELECTRIC GOODS, such as washers, radios, irons, refrigerators etc., both for farm use and town.

Fourthly, the SHERWIN-WILLIAMS PAINT COMPANY, the largest paint manufacturers in the World have assigned the Gleichen territory to me and I hope to specialize in a full line of paints, varnishes, enamels and stains as well as many by-products.

In addition to the above there will be many other lines previously carried such as tires, tubes, batteries, bicycles, ELEPHANT BRAND fertilizer etc. etc.

So, you see, that in selecting a name for a business of that kind, much has to be considered. It cannot be too long or it will be cumbersome, but can be as short as possible if it puts over the idea. The contest is open to anyone, just drop a line to me and make as many suggestions as you wish.

ITEMS OF INTEREST IN THE WORLD OF FOODSTUFFS

Brazil's 1945 corn crop is estimated at about 200 million bushels, 10 per cent less than last year's production, and 7 per cent smaller than average. Wheat seedling in the United Kingdom has been disappointing so far, and there is some doubt as to whether the acreage will reach the desired goal.

Argentine wheat supplies for export and carry-over in 1946 are estimated at about 100 million bushels. Many sections of Europe have benefitted from recent rains and crops are entering the winter in good condition, warm weather has been beneficial in promoting growth of small grains in the southern section of the U. S. A.

400 EX-SERVICEMEN ATTEND NEW CLASS

It entails attendance from January 3rd, until July 21 so that the new students who successfully complete their courses will do so in time to join those who entered last autumn for the regular 1946-47 session which will open next September. A Son At School

The son of a couple we know is spending his first year at boarding school, and each month he is supposed to send home an itemized list of expenses. His list for November included a laundry bag, and his mother wrote and asked him what he had been using up to then, for goodness sake. The boy sent back a full explanation: "I can see you are worrying about my new laundry bag. Well, the reason I got it is like this; before I got it I was stuffing my laundry into the legs of my pajamas, but the laundry told the headmaster they were too busy to untie the knots."—The New Yorker.

FORMER SCOUT SHOWS HOW

A former Winnipeg Scout, serving with the Canadian Forces in Italy had the unique experience of teaching experienced mountain climbers a trick he learned as a Scout. The Scout, now a Major, was mountain climbing with a number of university professors near Padua. When it was necessary to rope the members of the party together on a steep climb, the Canadian Scout mystified the Italian professors by tying a bowline around himself with one hand, a trick known commonly to Boy Scouts. He had to demonstrate his method to the party and to each subsequent party he joined in.
